- 
- |                   MRB ITEM: 25-999N
  - |                   INSPECT/CHECK INFECTIOUS WASTE KIT INSTALLATION
  - |XXXX   \_\_\_\_\_ 1. Inspect the infectious waste kits for installation and  
|                   condition. Refer to Emergency Equipment Location (EEL)  
|                   figure on flight compartment door for locations.
  - |                   A. If an infections waste kit (P/N 949-201ATA) is damaged or  
|                   missing, generate a non-routine to replace kit.
  - |                   B. If the subkit (P/N 2570) inside the infectious waste kit  
|                   is missing or opened, generate a non-routine to replace the  
|                   subkit.
